TO: File DOE/O23/016

FROM: Richard V. Smith, Geologist *RVS*
Everett Hooper, Reclamation Soils Specialist *EH*

RE: Field Inspection September 4, 1985

The site is located at the end of the paved highway that ran through the community of Silver City. The DOE encompasses a small unpaved turnaround and a tailings pile. A front-end loader is presently located adjacent to the tailings pile. The tailings pile appears to be periodically mined. Site disturbance does not exceed the two acre exemption limit. Two photographs of the site were taken.
